SpaceCaps Spec Sheet

SpaceCaps Frames

The SpaceCap Frame is a *mitered* black or white cast acrylic frame, suitable for shadowboxes. It features a custom spacer that can match or contrast the face color of the frame.

Rabbit Size and Allowance

Standard 1/8 in. allowance on all frames

Maximum Frame Size

96 in. X 96 in. inside dimensions.

Rabbit Lip Depth

.25 in.

Frame Face

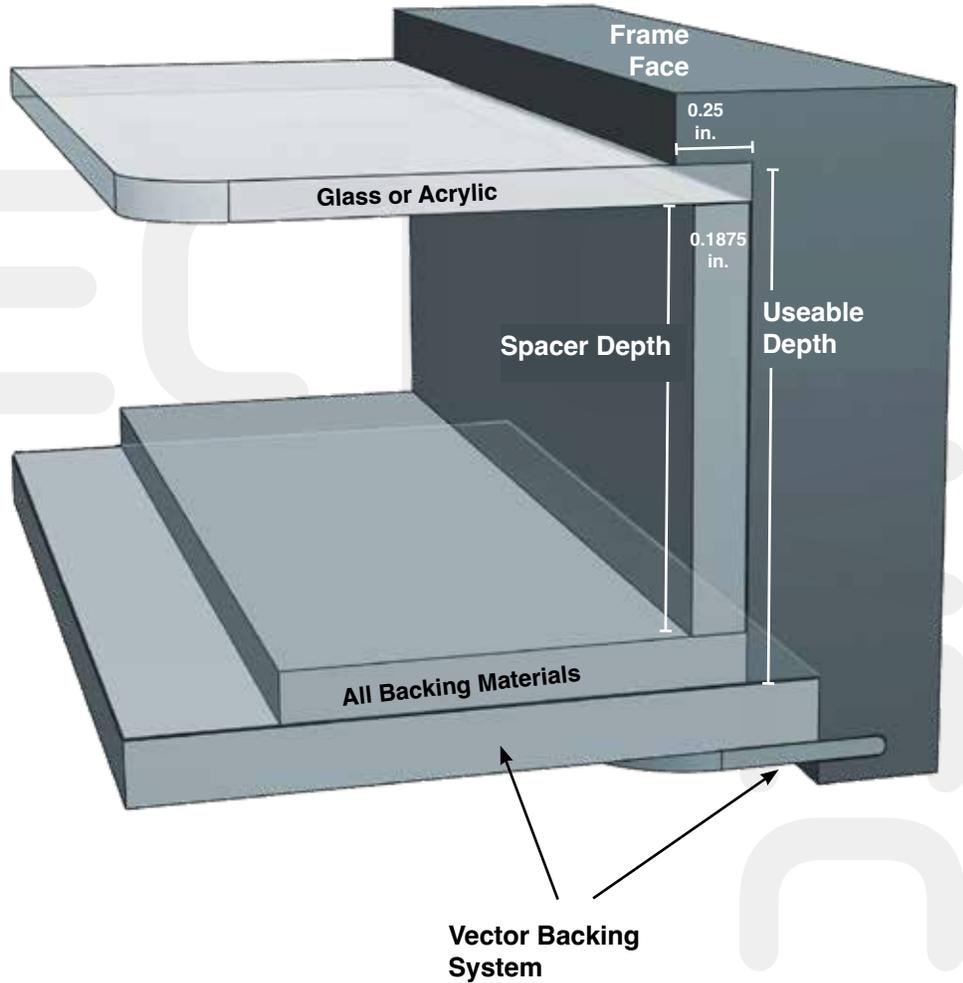

1 in. *Only*

Spacer Depth

All Spacers are 3/16" (0.1875 in.) wide by the height you require. Insure that Useable Depth is not exceeded.

Useable Depth

Note that this depth is the total of the Glass or Acrylic, the Spacer and all the backing materials you will use. The Vector Backing System will hold it all in place and include hanging hardware. *The maximum Useable Depth is 3.5 inches.*
